PRESIDENT

Dr. Nam-Hai Chua
The Rockefeller University

Dear Dr. Chua:

I think that my good friend Orio Ciferri from Pavia may already have written you but he called and asked me to confirm it. He will be visiting the Rockefeller campus on Monday, June 16th and if it is convenient for you I hope you will reserve some time for him. If you've not met him before, I can tell you that he is a very interesting and lively person and I am sure that there will be a good deal of common scientific interest for you to discuss.

Yours sincerely,

Joshua Lederberg
